

Together with Mark Cuban *Cost Plus Drugs, We Are Combining* *Clear Pricing and Genuine Care*

Today's PBM industry seems to place profits above patient needs. True Rx Health Strategists takes a patient-focused approach to pharmacy benefits. We actively look for savings to pass directly to employers and patients while providing genuine health care.

True Rx Health Strategists has teamed up with Mark Cuban Cost Plus Drug Company, combining access to affordable medications with personalized care.

- Mark Cuban Cost Plus Drug Company, now an in-network mail-order pharmacy for True Rx clients, offers transparent pricing.
- Patients get expert care from True Rx Health Strategists' clinically trained team and easy access to low-cost medications with Cost Plus Drugs.
- Cost Plus Drugs is a standard client offering, with no extra charge.
- With Cost Plus Drugs, patients may save up to 60%* on medication cost.

How Cost Plus Drugs Works with True Rx Benefit Plans

- Plan members can choose to purchase medications directly through Mark Cuban Cost Plus Drugs at **[CostPlusDrugs.com](https://costplusdrugs.com)**.
- The member's cost is applied toward insurance deductibles and out-of-pocket maximums.
- The member's co-pay is applied following the employer's pharmacy benefit plan.
- When using Cost Plus Drugs, patients continue to have access to True Rx Pharmacists, the Patient Care Team, and clinical programs.
